Administration Report of the Kotah State

for the Samvat year 1986.

(October 1929 to September 1930.)

CHAPTER I.

General and Political.

The area of the State including the 8 fiefs known as Kotris, is 5,684 square miles and the population according to the Census of 1921, is 6,30,060 souls consisting of 3,27,015 males and 3,03,045 females, of which 5,73,572 are Hindus, 43,626 Musalmans, 5,460 Jains 5,801 Animists and 1,601 of other religions. The gross revenues calculated on the average of the last five years is Rs. 50,52,670/-. A tribute of Rs. 2,34,720 is paid to the British Government, and in addition a sum of Rupees two lakhs is contributed for the maintenance of the Deoli Regiment. A further sum of Rs. 14,397/14/9 (local Jaipur Coin) is paid to Jaipur on account of tribute due by Kotris, whose allegiance was transferred to Kotah early in the nineteenth century. A sum of Rs. 866/12/- is received from Khilchipur State on account of "Huzzatwasul" or "Karar Dad".

Haras and Haraoti.

Kotah is a Hara State and occupies an important position in the Haraoti or Haraoti, the land of the Haras.

The Chauhans are one of the most illustrious of the 36 royal races of India, and among their 24 Shakhās (branches) the Haras are the most important. They trace their descent from Raja Manakrai, the King of Ajmer and the first Chief in Rajputana who in A. D. 685 tried to stem the Mohammedan invasion. Rao Dewa one of the descendants of this line of kings founded the town of Bundi in 1342 on the Bando Pass (Nal).

The Kotah State may be said to have come into existence about the Bikram year 1685 when Madho Singhji, the second son of Rao Ratan, of Bundi, was granted by the Emperor Jahangir the independance of the country round and about the present city of Kotah which he had conquered. This Royal favor was shown in recognition of good services the Prince rendered in the campaign which forced the Imperial Prince (afterwards the Emperor Shah Jahan) to flee from Burhanpur. Bhim Singhji the sixth ruler of Kotah, who reigned from A. D. 1708 to 1720 considerably extended the boundaries of the State and was the first chief who assumed the title of Maharao, on whom the dignity of the "Punjab Hazari" was conferred

by the Delhi Emperor and who also obtained the orange coloured banner and used it as the State standard. It was in the time of Maharao Umed Singhji I that his famous minister, Zalim Singh, made in the year A. D. 1817 on behalf of Kotah, the first treaty in Rajputana with the British Government and succeeded in getting a supplementary article added to the said Treaty by which the administration of the State was vested in Zalim Singh and his heirs and successors in perpetuity. When, however, Maharao Ram Singhji succeeded his uncle, Kishor Singhji, in A. D. 1828, disputes between him and his then minister, Madan Singh, the grandson of Zalim Singh arose and the Government of India seeing that arrangement of a hereditary minister was practically unworkable decided in the year A. D. 1838 to separate 17 of the Kotah Districts to be formed into a new principality, Jhalawar, and bestowed it on Raj Rana Madan Singhji and his heirs and successors.

The present Maharao Sahib Bahadur His Highness Lieutenant Colonel Sir Umed Singhji II, G.C.S.I., G.C.I.E., G.B.E., who was born on the 15th September 1873, and succeeded to the Gaddi by adoption, in the year A. D. 1889 on the death of Maharao Shatrusalji, is the 17th Ruling Prince of his family and is in his 57th year. On the death of his first wife, the eldest daughter of H. H. the Maharana Sahib of Udaipur, the head of Sisodias, His Highness married the daughter of H. H. the Maharao Sahib of Kutch of the Jariya clan of Rajputs. His Highness is also married to the sister of the Thakur of Isarda in Jaipur, a Kachhwaha Rajput of the Rajawat sub-clan. A son and heir by the last named Rani was born on the morning of the 14th September 1909, and has been given the name of Bhim Singh.

Under the benign rule of His Highness Maharao Umed Singhji Sahib Bahadur, the State has made considerable progress. In the year 1899 on the formation of the new State of Jhalawar 15, out of the 17 districts transferred as stated above to form that principality, were restored to Kotah. Roads and communications have vastly improved and extended. The G. I. P. Railway Branch from Góna via Baran joins at Kotah the Nagda-Muttra line of the B. B. & C. I. Railway. British coins and weights have been introduced. There is postal unity with the Post-Offices in British India. A revised Land Revenue Settlement has been made. All departments have been reorganised and strengthened. Dispensaries are opened all over the State, and education has made and continues to make satisfactory advancement. Among the numerous public buildings round about the city of Kotah, Umed Bhawan, the New Palace, forms a striking and imposing object in the landscape. Among other public works of special importance, are the Raj Bhawan, the Guest House, the Crosthwaite Institute in the Public Gardens, the Military Lines, the Herbert College and the Raghunath Hostel attached to it and the newly constructed Power House and Water-Works at Akelgarh and Kherli outside the city wall, while within it are the Wyllie Memorial and Her Highness Sri Maharaniji Sahiba's Girl School in the Rampura Bazar.

NOTABLE AND IMPORTANT EVENTS.

1. The reigning family kept good health during the year.

2. To enable Shree Maharaj Kumar Sahab to get into touch with administrative work and gain some insight into the working of the different State departments, His Highness decided in September 1929 that he should attend the Mahakmakhas and the Revenue or the Judicial Departments. But owing to one reason or other, the scheme did not materialise till the beginning of July 1930, since when he has been regularly and punctually attending the Mahakma khas thrice and the Revenue Department twice a week and is displaying interest in the work.

3. Rao Bahadur Maharaja Madho Singhji was relieved of his duties as guardian. Kunwar Himmat Singhji of Kunadi companion to Shree Maharaj Kunwar Sahab having been transferred to the Revenue Department, Ap Sangram Singh was placed on Shree Maharaj Kumar Sahab's staff, working under the supervision of his tutor, Lala Gopinathji Aggarwal B. A..

Movements of the Ruling Family.

5. In connection with the wedding of Maharaja Sumer Singhji of Indargarh, His Highness was invited to Indargarh where he went accompanied by Shri Maharaj Kumar Sahab on the 4th November 1929 returning the same day.

6. On the 18th November 1929, His Highness, Shri Maharaj Kumar Sahab and their Highnesses the Maharaniji and Raniji Sahibas paid a visit to Palaitha in connection with the marriage of Kunwars Ajit Singhji and Dalel Singhji of Palaitha and returned the same evening.

7. On the 21st January 1930, His Highness, Shri Maharaj Kumar Sahab and party proceeded to Ajmer to witness the Military Sports and returned the next day.

8. His Highness accompanied by Shri Maharaj Kumar Sahab and the Members Mahakmakhas went out in camp on the 24th January 1930 and returned on the 12th February 1930.

9. On the 20th February, His Highness and party left for Delhi to attend the meeting of the Narendra Mandal and returned to Kotah on the 2nd March 1930.

10. To attend Mayo College Jubilee Celebrations held at Ajmer His Highness left for Ajmer on the 5th March 1930 and returned to Kotah on the 10th March 1930.

11. His Highness paid another flying visit to Delhi on the 25th March 1930 and returned on the 27th.

Visits

12. His Highness the Maharaja Sahab Bahadur of Bhavnagar with a small party paid a visit to Kotah on the 15th January 1930, and stayed for a day to acquaint himself with the administration of the Kotah State.

13. The Political Agent, Eastern Rajputana States Bharatpur arrived Kotah on the 17th January 1930 and left on the 21st January 1930.

14. On the 18th January 1930, the Hon'ble the Agent to the Governor General paid a short visit to Kotah and left on the 20th.

Marriage of Shree Maharaj Kumar Sahab.

15. The most auspicious and interesting event of the year under report was the wedding of Shree Maharaj Kumar Bhim Singhji Sahab with the daughter of His Highness Maharaja Sir Ganga Singhji Sahab Bahadur G. C. S. I., G. C. I. E., G. C. V. O., G. B. E., K. C. B., A. D. C., LL. D. of Bikaner on the 30th April 1930.

16. By an order of Mahakmakhas dated the 8th February 1926 a Committee with the following personnel was formed to proceed with the marriage preparations.

Rao Bahadur Raj Bijay Singhji of Kunadi.	...	President
Brigadier General Colonel Ap Govind Singhji of Koela	Member
Munshi Bhairon Lalji late Hakim Fauj	"
Pandit Purushottam Raoji of Sarola	"
Rai Sahab Pandit Sri Ramji	"
Babu Chunnilal ji	Member and Secretary.

As Rai Bahadur Munshi Bhaironlalji, owing to his old age and failing health was unable to attend the meetings of the Committee, Kunwar Chandra Senji of Kunadi, Private Secretary to His Highness was, with the sanction of Mahakmakhas appointed a member of the Committee in place of Munshi Bhairon lalji.

17. A preliminary scheme framed by the Committee was sanctioned in January 1927. Later, on the 16th November 1928, for the sake of facility the work was sub divided and entrusted to the following four sub committees with specified duties, to work under the supervision of the General Committee;—

Owing to the sudden and untimely demise of Brigadier General Rao Bahadur Ap Govind Singhji of Koela who had rendered valuable help to the Committee, his successor in office, Colonel Thakur Prithi Singhji was appointed in his place, but being engaged with his work of re-organisation of State Forces, he was replaced by Rai Sahib Pandit Sri Ramji whose place was taken on by Pandit Purushottam Raoji. These sub-committees continued at work upto the end of the marriage festivities and whole-heartedly co-operated to make the arrangement a great success.

18. On the date of marriage being finally settled, the marriage preparations were pushed on with vigour and from October 1929, a regular marriage committee's office was opened in the palace under the supervision of the Secretary, Babu Chunnilalji Shukla. Estimates of expenditure were prepared and sanctioned and a detailed programme of work which was adhered to throughout was drawn up and approved.

The work of repairs in Garh was carried through to completion with great expedition. The provision Stores in Garh were placed under the supervision of M. Bhanwarlal a Nazim and the work of issuing invitations was entrusted to Bakshikhana.

25. The "Mosala" and "Paharawni" were received at the Garh on the afternoon of the 24th April and Nazars and presents by Sardars and Officers of the State and certain guests the following day.

26. The 'Nikasi' procession fixed for the 25th April 1930 accompanied by His Highness the Maharao Sahab Bahadur and other distinguished guests present started from the Garh at 10 P. M. The palace was tastefully decorated and illuminated by electricity, fire works were displayed and every nook and corner presented a gala appearance.

The city gates and important Raj buildings were beautifully illuminated with electric lamps of different colours. Private houses and shops along the route were sumptuously decorated by the people of their own accord, and it was a brilliant sight to see the procession with all the State paraphernalia in its wake, treading its way with joyous steps along the bazars of the city flanked on both the sides with an eager and hilarious concourse of His Highness's loyal and devoted subjects who had gathered in their thousands from far and near to witness the celebration the first of its kind in their memory.

The procession terminated outside the Ladpura gate and from here the Prince motored to the Umed Bhawan palace. A banquet was held at the Umed Bhawan palace on the 26th April in honour of the wedding and was largely attended.

27. Two special trains conveying the 'Baraties' (Marriage party) left on the 28th reaching Bikaner next morning. The Royal Special carrying the bridegroom left Kotah on the morning of the 29th and reached Bikaner on the morning of the 30th and were given a right royal reception by H. H. the Maharaja of Bikaner and all his guest princes.

A list of the principal 'Baraties' is given in appendix XXXIII. The whole party was accommodated at the circuit house in spacious tents pitched for the occasion and no pains were spared to make the 'Baraties' comfortable in every way.

28. At about 12 midnight the bridegroom started for the Bikaner palace for the 'Toran' ceremony and was received by their Highnesses of Bikaner, Kashmir, Jodhpur, Cutch, Kishengarh, Datia, Partabgarh,
Dauh.

Palanpur, Sitamau, Vankaner and Datia at the palace where the marriage ceremony was performed with due rites and all solemnity. The marriage party left for Kotah on the 4th May and arrived in the evening of the 5th and the princely couple made their formal entry into the palace before dawn on the morning of the 6th May 1930.

29. The arrangements made at Bikaner for the reception, hospitality and comfort of the marriage party were all excellent and nothing ~~was left~~ ^{was left} to be desired in this direction.

30. The members and office bearers of the marriage committee and the sub committees are to be congratulated on the successful termination of their labours in connection with the auspicious event.

Honours Conferred

31. The title of Rai Bahadur was conferred on Rai Sahib Pandit Sri Ramji Bhargava, Sessions Judge, Kotah on the occasion of His Majesty the King-Emperor's birthday in June 1930.

40. The total area recorded in the cultivators' 'Khatas' was 27,45,259 Bighas of which 54,067 Bighas remained unploughed and 35,370 unsown.

The area under different crops as compared with the 3rd Settlement year Sambat 1984 and the preceding year is shown below :—

41. From the perusal of this statement it would appear that the area under Tilli which rose from 1,14,431 Bighas in Sambat 1984 to, 1,67,574 Bighas in Sambat 1985 again fell to 1,54,165 Bighas during the year under report while that under cotton rose from 61,947 Bighas to 94,699 Bighas in Sambat 1985 and to 1,00,092 Bighas in the year under report.

The area under wheat showed a very marked decrease in Sambat 1985 owing to apprehension in the minds of cultivators by the severe damage done to that crop by frost in Sambat 1984. Though more than doubled in the year under report it has not yet reached the normal figure.

42. The figures relating to demand and collection for the year under report are compared below with those of the two preceding years:—

No.	Samvat.	Demand.	Collections or cash or hundi.	Remissions by order or adjustments	Balance outstand- ing.	Excess collection,	Percentage of Col. 6 on Col. 3
1	2	3	4	5	6	7	8
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1	1984	32,24,716	27,72,113	4,79,472	4,352	31,221	0.13
2	1985	32,64,199	23,43,052	9,58,132	5,193	42,178	0.15
3	1986	32,86,013	31,08,677	1,94,976	5,320	22,960	0.16

Owing to the damage done to crops in certain areas by locusts, hailstorms and fire, 1,52,505/- or 4.6 of demand had to be remitted.

43. Rs. 1,18,150/- was distributed among cultivators as Taccavi loan for various purposes detailed below :—

No.	Division.	Sinking and repairing of wells.	Purchase of Bullocks.	Khad and Bij.	Digar.	Total.
1	2	3	4	5	6	7
		Rs.	Rs.	Rs.	Rs.	Rs.
1	Baran ...	7,979	14,421	16,927	...	39,327
2	Ladpura ...	8,572	14,351	6,877	90	29,890
3	Aklara ...	20,269	11,170	16,994	500	48,933
	Total ...	36,820	39,942	40,798	590	1,18,150

From the detailed Taccavi account shown in appendix XXI (A) it would be seen that out of the total Taccavi loans of Rs. 6,28,703/- including that advanced during the year, Rs. 2,15,915/- was realised (including Rs. 46/- recovered in excess) leaving a balance of Rs. 4,12,834/- to be recovered.

44. 120 old wells were repaired during the year with the aid of Taccavi, 110 new wells were constructed Pakka and 103 Kacha wells were made. Most of the wells were made in the Aklara Division and the increase in the Chahi (irrigated) is apparently due to the construction of these wells.

45. The statement given below will show the account of grain: (converted into cash) as it stood at the end of the year under report:—

No.	Nizammat.	Arrears. of Samvat 1985	Collections in Samvat 1986.	Balance outstanding	Fazil.
1	2	3	4	5	6
		Rs.	Rs.	Rs.	Rs.
1	Ladpura	41	6	35	...
2	Asnawar	20	15	3	...
3	Chhipabarod... ..	45	45
4	Digod	218	30	188	...
5	Itawa	694	32	662	...
	Total ...	1,018	128	890	...

46. Rs. 87,389/- was paid to the Patels as their Rasoom fees during the year under report.

47. *Village Panchayats* :— The total number of Panchayat courts at the close of the year was 45 against 46 of the previous year. Appendix XXI. B would show that 634 cases came up before the Panchayat courts as against 459 during the previous year, of which 582 were disposed of.

These institutions are yet in an experimental stage and although the 'Panches' and the 'Sar Panches' of the requisite calibre are not easily available there appears to be no cause for much pessimism.

48. The two itinerant Updeshaks, Pandit Gopal Dutta and Ram Dev toured for 269 and 255 days respectively and the Revenue Commissioner reports that their lectures have been much appreciated by the villagers, who in certain places have been moved to give up their habitual lethargy and formed small social reform societies. The Updeshaks have been during their tour in the district watching the condition of temples also, which as observed by the Revenue Commissioner stand in need of general radical reform.

49. A cattle Census was taken in the State on the 25th January 1930, the date fixed for All India Cattle Census.

50. The results of this Census when compared with those of the previous one held 5 years ago, show that while there has been a distinct decrease in the number of pack animals, such as donkeys, bullocks and camels, the number of calves has increased by 23,539 and that of plough bullocks by 16,694 and there has been an increase of 89,263, or 6.6 % in the total number of cattle.

Co-operative Societies.

51. Babu Ghanshyam Dassji Gupta B. Ag. held the post of the Registrar Co-operative Societies throughout the year except from 1st July to 2nd August, 1929 when he was on leave. Babu Gajadhar Prasad Asstt. Registrar officiated for him.

52. The strength of the personnel remained practically the same as in the last year with the only exception that the allowance paid to the Nazim of Chechat for the supervision of Co-operative Societies work was discontinued. The Co-operative work could not be extended to other Nizamats owing to the marriage of Shree Maharaj Kumar Sahab and was confined to the same 8 Nizamats as last year exclusive of Ladpura.

53. The number of days spent by the Registrar, the Asstt. Registrar and the Circle Inspectors is given below ;—

Registrar.	41
Assistant Registrar	128
Inspector Ladpura.	88
„ Digod	171
„ Anta	131
„ Baran	120
„ Atru	140
„ Kunjer	145
„ Chechat	190
„ Sangod	130
„ Kanwas	128

The Registrar and the Inspector Ladpura had to stay at Head Quarters in connection with the wedding of Shree Maharaj Kumar Saheb and this accounts for the comparatively shorter duration of their tours.

54. Against the budget sanction of Rs 29041/- the actual expenditure came to Rs. 2,604/9/-

The Juar crop was at places eaten up by locusts. In addition to this, owing to the prevalence of low prices in the market cultivators found it rather hard to pay up their rental demand. The year was thus an ordinary one from the agriculturists point of view and not quite satisfactory from that of the agricultural co-operative credit societies'.

55 The total number of Societies rose from 425 at the beginning of the year under report to 471 at its end, exclusive of four state employees'

societies, one Students' Co-operative Stores and 5 societies formed for the collection of seed. They were distributed as follows :—

Ladpura	46
Digod	45
Anta	71
Baran	78
Kunjer	94
Chechat	76
Sangod	34
Kanwas	27

The condition of 21 of these Societies is reported to be very good, of 109 very satisfactory, 308 satisfactory, 31 bad and 2 very bad.

The number of members was 4,261 against 3,869 during the last year.

56. The total assets of the societies (which are working on the share capital basis) at the close of the year amounted to Rs. 9,82,125/1/3 as detailed below :—

Balance due by the members at the close of the preceding year.	6,04,561/14/3
Excess collections	492/13/3
Loans advanced during the year	32,901/14/3
Shares of Societies invested in loans	10,908/13/0
Societies' reserve fund invested in loan	42,259/10/6

57. The members owed to the Bohras Rs. 2,77,951/9/-. The realisations during the year amounted to Rs. 27,971/6/6 which works out at 21 % of the total amount of debt and were comparatively much better in the Nizamats of Chechat, Sangod and Kanwas

A major portion of the unrealised debt is reported to be out-standing against old members who were already heavily in debt before they joined the societies. Only a succession of good harvests would enable them to pay up their arrears. With a few exceptions the loans were mostly spent on the purposes for which they were advanced.

58. The account of loans advanced to members and the recoveries made from them stands as below :—

Balance to be recovered at the beginning of the year	Rs.	6,04,561/14/3
Excess collections of past year				,,	492/13/3
Advanced during the year			,,	3,20,901/14/3
							<hr/>
				Total	...	Rs.	9,25,956/ 9/9

							<hr/>
				Total	...	Rs	3,04,550/5/6
Balance outstanding at the close of the year						,,	6,90,652/13/3
Excess collection				,,	49/12/0

59. Against a demand of Rs. 6,73,097/- principal and Rs. 69,196/13/ interest Rs 2,39,143/2/3 and Rs. 65,407/3/3 respectively were recovered giving an average of 36 % as in the previous year.

Owing to a succession of lean years some of the societies could not recover even the interest from their members and the Registrar says that in cases where large arrears have accumulated and the members are unable to pay their arrears it would perhaps be necessary to remit the amount of interest wholly or partially and recover such old outstandings by easy instalments.

60. The maximum limit of loans to be advanced by societies during the year was fixed at Rs 7,00,878/- Against this maximum the amount of loans that actually stood against them was as follows : —

Previous year's arrears—	Rs.	6,04,561/14/3
Loans advanced during the year	„	3,20,901/14/3
Total...					Rs, 9,25,463/12/6

Deducting from this amount Rs. 2,34,810/14/3 the sum realised during the year, the balance left to be recovered at the close of the year was Rs 6,90,652/13/3 including Rs.492/12/ surplus collection of previous year.

61. The loans were advanced from the Bank for the following purposes :—

For purchase of cultivation right	Rs,	7,669/-
For repairs of wells	2,206/-
For redemption of mortgaged wells & lands	15,823/-
For purchase of bullocks	36,113/2
„ seeds	1,08,124/13
For Halis and Gwals.	34,726/-
For payment of land Revenue and Taccavi	1,17,751/9/6
For trade	338/-
For purchase of cattle other than agriculture	455/-
For purchase of manure	14,469/2/9
For repayment of old debts	22,789/12/9
For marriages & deaths	20,760/-
For repairs of old houses	997/-
Miscellaneous	39738/3/9
Total				Rs. 4,21,960/11/9

62. The Reserve fund of these societies stood as below :—

At the beginning of the year	Rs.	2,34,602/10/6
Credited during the year	34,461/13/-
Total				Rs. 2,69,064/7/6

In addition to this Rs. 66,618/10 is held as deposits representing the share of members which also form part of societies reserve which thus amounts to Rs. 3,35,683/1/6 or 49 %. Against this the Registrar estimates 15,000/- as the utmost likely loss on account of bad debts during the last 14 years working. In other words 2,54,000/- is an absolutely safe reserve fund.

63. Including the last year's balance of 12 suits and 126 execution applications 86 and 177 respectively were instituted during the year. Of these 48 suits and 24 applications were disposed of leaving a balance of 38 and 153 respectively.

64. The arrangement of storing grain by the department for supply to members on the co-operative basis as seed and provisions continued as in the past year. In the Ladpura, Digod, Anta, Baran, Atru and Kunjer circles 10,666 maunds of grain of the value of Rs. 6,178/- was stocked and 52 societies had their own supplies of seed and provisions.

The quantity of grain outstanding against the members was 4,152 maunds of which a greater portion appears to be irrecoverable.

65. As there was no arrangement for the supply of seed to all the members of these societies some had to depend for their supply on the Bohras while others were supplied by the Raj. Accordingly 3 more Societies for storage and supply of seed were opened at Ladpura, Atru, and Sangod to supplement those already at work.

66. The four Societies of the Raj Employees are reported to have worked satisfactorily and rendered much assistance to the low paid clerical staff who are members of these Societies. The students co-operative stores at the Herbert College continued to work but no report was submitted to the Registrar. It has been noticed elsewhere that the affairs of this store were not satisfactory.

67. 75 Societies are now working with their own capital and borrow money from the Bank only occasionally.

68. The Registrar while concluding his report for the year says that inspite of the shortcomings common to all human institutions the co-operative credit Societies under his charge have on the whole been working well and have proved of much benefit to the agriculturists whose condition has deteriorated owing to a succession of bad years.

69. The Registrar co-operative Societies was appointed Registrar under the Indian Companies Act introduced in the State during the year under report. The Lodha Mills Company Ltd. Kotah was the 1st. body to be registered under the new act with a capital of Rs. 40 lakhs. Rs. 517/8/- was realised as registration fees of which Rs. 103/8/- was paid to the Registrar and his staff.

Veterinary Department.

70. One Veterinary Inspector, 3 Veterinary Assistants and two itinerant compounders were maintained during the year.

71. The number of days spent on tour by these officers is given below;—

Veterinary Inspector	Baran	147 days.
„ Asstt.	Mandana	47 „
„ „	Chhipabarod	39 „
„ „	Kishenganj	54 „
Itinerant Compounder	Khanpur	282 „
„ „	Sitabari	273 „

Owing to the necessity of their presence at head quarters the Veterinary Inspector and Assistants' tour was restricted to the period when any epidemic prevailed.

72. To improve the breed of cattle, bulls were purchased by the state and sent to several places in the district. If this generosity of the Darbar is properly taken advantage of by the agricultural classes it is sure to bring in good results in the long run. The Director of Agriculture points out, that the villagers are in the habit of sending calves of 4 or 5 years of age with village herds along with selected bulls. This is bad and steps should be taken to stop this practice. He also complains that these bulls are not properly looked after and allowed to stray and thus cause injury to crops. The Nazims in the district should interest themselves in this matter and see that these and similar complaints are removed.

73. Of the two state scholars at the Veterinary College Lahore Azizur Rehman has returned after completing his course, while the other one Aminuddin is in his 3rd year.

74. The total expenditure of this branch came to Rs. 10,538/13/- against a sanction of Rs. 10,920/-. 40,547 cattle were treated at a cost of 14/3 per head.

Co-operative Bank.

75. The Kotah Co-operative Bank was started in February 1927 with an authorised capital of Rs. 1,50,000/- divided into 60,000/- shares of Rs. 25/- each. 157 new shares were sold during the year under report. The total number of shares sold thus came to 3,661 of the paid up value of Rs. 91,335/- and the number of share holders was 686 against 613 in the previous year.

76. The amounts held in the fixed deposit and savings bank account at the close of the year amounted respectively to Rs. 1,81,965/12/3 and 1,16,455/13/- while that held in current deposit was Rs. 94,365/2/6.

77. The state account with the Bank stood as follows :—

Last year's balance	Rs	18,284/3/3
Loan advanced to the Bank during the year				,,	7,38,357/8/6
Interest	,,	1,047/-
Total					Rs. 7,57,688/11/9

Of this, Rs. 7,16,851/12/9 was repaid, leaving a balance of Rs. 40,836/15/-

78. The Bank money invested in the Co-operative Credit Societies is shown below :—

Last year's balance	Rs.	3,77,286/5/6
Advanced during the year	„	4,21,960/11/9
				Total	Rs. 7,99,247/1/3
Recovered during the year	Rs.	3,45,133/1/0
Balance	„	4,54,114/0/3
Interest	„	34,672/15/0
				Total	Rs. 4,88,786/15/3

79. Besides the Co-operative Credit Societies, the bank advanced loans to other share holders as shown below :—

Last year's balance to be recovered	...	Rs.	1,711/6/9
Loans advanced during the year...	...	„	26,969/11/-
Realised during the year	...	„	7,522/9/-
Balance (including interest) to be recovered	„		20,198/8/-

80. The profit of the Bank for the year's working amounted to Rs. 21,187/6/- against Rs. 13,108/10/9 of the previous year of which Rs. 5,197/- was credited to the reserve fund, Rs. 1,730/6/9 to the special fund, Rs. 12,713/- was distributed as dividend among the Share holders, Rs. 1,090/- was paid as honorarium to the Directors, and 357 as bonus to the staff and the Auditors.

CHAPTER III.

Legislation.

81. The administration of the civil and criminal justice in the state is guided generally by the spirit, though not the letter, of the law in force in British India.

82. A list of the State laws in force during the year is given in Appendix II.

Military Forces.

83. Colonel Pirthi Singhji held the post of the General Officer Commanding State Forces throughout the year.

84. The troops which Kotah Durbar may maintain is limited to 15,000 men but the actual number at present maintained is shown below:—

STATE FORCES UNITS.				IRREGULARS.
Cavalry (including camel etc.)	120
Infantry	404	1050
Artillery	150

85. In pursuance of the re-organisation of State Forces scheme taken in hand during the year, a reduction was made in the strength of irregular units by abolishing all unnecessary guards and bringing under reduction all men who were found unfit to serve in the newly re-organised infantry. The men who thus came under reduction were granted either gratuities or pensions. The re-organisation of the Gordhan Paltan (to be designated the 1st Umed Infantry in future) was first started on the basis of modified Infantry Battalion in November 1929 and the scheme satisfactorily progressed during the year, but pending a final decision of the Government of India on an important matter connected with the re-organisation of the Force further progress is held up.

Police Department.

86. Rai Sahab Pandit Prem Nathji Tikku held the post of the Inspector General police throughout the year except for a period of 16 days in December 1929 and one month in September 1930. Kanwar Bhim Senji Superintendent Sadar Division officiated for him on the former occasion, and Babu Ram Dassji Superintendent Baran Division on the latter.

87. There was no change in the personnel of the department except the untimely death of Pandit Deo Mitraji Misra, the personal Assistant of the Inspector General Police at the beginning of the year after a

brief illness of about a week. He had served before his death the Police Department for 15 years, and was a capable and popular officer. The Department suffered a great loss by his sad and premature death. Munshi Bashiruddin was appointed in his place.

88. The permanent Inspector General Police was on tour for 59 days and inspected 24 police stations and 51 out posts, besides inspecting the different police offices under him.

Babu Ram Dassji officiating Inspector General Police toured for 15 days and inspected 2 police stations.

89. Due to unsatisfactory agricultural conditions it was apprehended that there would be an abnormal increase in crimes but the general economic conditions that prevailed during the year prevented any such rise.

There were no political, social or religious activities during the year worth mention.

90. The Sadar police had a busy time during the month of April and May when owing to the auspicious marriage of Shree Maharaj Kumar Saheb people had gathered in thousands at the capital to witness and partake in the various marriage festivities.

The police force at the head quarters was strengthened by summoning selected force from the Muffassil to meet the increased work and it is creditable to all the rank and file that they acquitted themselves well.

91. As usual the Inspector General Police reports, that recruits of the right type and proper standard are not generally forthcoming, because labourers get better wages elsewhere. In spite of this handicap, the Inspector General says that efforts are being made by the department to improve its ranks.

92. *Police Training School*—11 cadets received training in the junior rank at the police training school Kotah during the year under report, of whom five passed. A probationary Sub Inspector under training at the school passed his final examination.

4 out of 5 Sub-Inspectors who were sent for the Court Sub-Inspector examination of the Allahabad University were successful, Sub-Inspector Balwant Singh doing particularly well.

17 candidates and 1 probationary Sub-Inspector are under training. Sub-Inspectors Shiam Sunder and Trilokinath who remained incharge of the training school are reported to have worked satisfactorily.

93. *Cognizable Offences*:—The number of cognizable cases reported during the year was 1161 as against 1261 in the preceding year, of which

1150 were investigated. Of the number investigated 557 were sent up for trial, 406 ending in convictions. Of 933 persons tried, 581 were convicted. The percentage of cases investigated to reported was thus 99%, of cases tried to investigated 48·4% while the percentage of persons convicted to tried was 61·7%.

94. *Dacoity*:—9 cases of dacoity (4 in Sadar Division, 4 in Baran Division and 1 in Aklera Division) against 10 in the previous year were registered, of which four remained untraced. Of the remaining 6, five were traced, of which three were under investigation pending extradition of the accused from territories outside the State at the close of the year. Of the 4 remaining untraced, 3 were technical dacoities committed on public highway but the 4th one committed at Budadit was rather a serious affair, which it is incumbent on the police to detect and work out successfully. Some of the local bad characters who brought in and sheltered criminals from outside to aid them in these nefarious designs were traced and convicted.

95. *Robbery*:— Of the 26 cases against 19 in the preceding year reported under this head during the year under report, 5 were challaned 2 resulting in convictions, 17 remained untraced, 3 were under investigation at the end of the year and in one proceedings under Section 512 Cr. P. C. were taken against the accused. 2 out of 6 accused persons sent up for trial were convicted while 4 were discharged or acquitted. The Inspector General remarks that “ the arrests, convictions and recoveries under this head were far from satisfactory ” but makes no mention of the steps taken by him to ensure better results.

96. *Murder*:— There were 7 cases of murder against 5 in the preceding year. 6 of these were traced. In one case the accused committed suicide after murdering his victims and in another the murderer absconded and is being dealt with under Section 512 Cr. P. C. The remaining 4 were challaned 3 resulting in convictions. In all 14 persons were sent up for trial under this head of whom 5 were convicted, 1 died in Jail, 1 absconded from Jail, 6 were discharged and 1 was under trial at the close of the year. The most atrocious of these murders was the one in which Pannalal constable, Ghasi chowkidar of the Aton police station were done to death in cold blood by a gang of Banjaras of Bilbari Nizamat Antah whom they arrested and attempted to march off to the police station while they were travelling without a pass and in possession of stolen property. The dead bodies of the unfortunate policemen were thrown in a well 6 miles away from the scene of occurrence and no trace was left of this serious crime on the spot. Babu Ram Das Superintendent of Police Baran and Mirza Munawar Beg Sub-Inspector of Police Atru in whose jurisdiction the offence was committed, after a very careful and diligent investigation unearthed the crime and succeeded in tracing and arresting

the perpetrators of this gruesome tragedy. Eleven Banjaras were sent up for trial of whom 6 were discharged, 1 died, 1 absconded and the rest were convicted.

97. *Culpable Homicide* :— One out of two cases reported against 5 in the last year was challaned resulting in the conviction of all the three accused. The other was under investigation at the close of the year.

98. *Attempts to murder* :— There were 4 cases against 2 of last year. All the 4 were challaned of which 3 resulted in convictions and one was pending at the close of the year. Of the 5 accused involved, 3 were convicted, 1 acquitted and 1 was awaiting judgment at the end of the year.

99. *Cattle thefts* :— 98 cases against 79 of the previous year were reported. 28 cases were challaned, of which 20 ended in convictions, 6 in acquittals and 2 were pending at the end of the year. 41 persons were sent up for trial of whom 27 were convicted, 8 acquitted and 6 were awaiting judgment at the close of the year under report. In these cases 557 cattle of the estimated value of Rs. 19,655/10/6 were lifted against 334 of the value of Rs. 9,921/2/6. 379 cattle, valued at Rs. 15,303, were recovered.

100. *Theft and lurking house trespass* :— 608 cases against 681 of the preceding year were reported. 241 cases in all were challaned of which 188 resulted in convictions, 35 in acquittals or discharges and 18 were pending at the end of the year. 263 out of 378 accused persons were convicted, 90 acquitted or discharged and 25 were awaiting decision. The value of the property stolen amounted to Rs. 35,497/9/7½ against Rs. 36,120/- in the last year. Of this property worth Rs. 12,757/12/- against that worth Rs. 12,491/- of last year was recovered.

101. *Escapes from Police Custody* :— 2 persons against 5 in the last year escaped from police custody, but both were arrested and convicted.

102. *Police torture* :— There was no case of police torture during the year.

103. *Stolen property and recovery* :— The total value of property stolen under all heads came to Rs. 64,489/9/9, of which property worth Rs. 29,196/6/9 was recovered.

104. *C. I. D.* :— There is nothing particular to be recorded about the working of this branch.

105. *Prosecuting Branch* :— After the sad demise of Pandit Deo Mitraji Misra a reference to which has been made elsewhere the work

of the prosecuting branch was entrusted to Babu Tulsi Ram promoted to the newly created post of Court Deputy Superintendent who is reported to have been carrying on his duties satisfactorily.

The following statement shows the working of the respective courts :—

Courts.	Cases tried.	Results.	Percentage.	Remarks.
Mahakma Khas...	26 { 2 cases for confirmation 24 appeals presented by prisoners	2 convicted 15 dismissed in 1 punishment was lessened 8 pending	100%	
Sessions Court ...	39	35 convicted 3 acquitted 1 pending	92%	These include 3 pending cases of last year.
Magistrate 1st Class ...	282	153 convicted 11 committed to sessions 11 expunged 19 compromised 27 dismissed 17 dealt with under section 512 Cr. P. C. 2 withdrawn 42 pending	77%	These include pending cases of last year.
Honorary Magistrates...	15	9 convicted 4 acquitted 2 pending	691%	
Special Magistrate	3	2 convicted, 1 pending	100%	

106. *Finger Print* :— Search slips of 58 accused were sent for search to different Finger Print bureaus of which 18 only were returned as traced with previous convictions and the other 40 remained untraced.

107. *Motor Vehicles Registration* :— 56 vehicles were registered during the year and driving permits to 48 drivers were issued. Rs. 7,876/12/- was realised as fees. In all 163 motor vehicles have been registered. The work of registration is done by the English clerk of the Police office under the supervision of Kanwar Bhim Senji, Superintendent of Police Sadar Division. Great care should be exercised in issuing permits to Drivers whose incapability and lack of skill may lead to serious accidents involving loss of life and property. Too much stress cannot be laid on the risk involved in entrusting this responsible work to inefficient drivers and attendants at the instance of owners of motor vehicles who without realising the gravity of the consequence may not be able to resist the temptation of employing incompetent drivers at low wages.

108. *False reports* :— 33 cases were sent up for trial under this head as against 70 in the previous year. 6 of these ended in convictions, 10 in acquittals and 17 remained pending at the close of the year. In two cases only adequate punishment is reported to have been awarded. The special attention of the criminal courts in this connection is drawn to the remarks contained in para 84 of the last year's report.

109. *Relations with other States* :— In spite of the hope expressed last year relations with some of the neighbouring States such as Tonk, Mewar and Gwalior, the Inspector General again remarks, have not improved and have not been so cordial as they ought to be. To this list he adds Jhalawar, and as an instance cites the case in which some of the Kotah Police officials and non-officials standing their trial before the Jhalawar State court last year were awaiting judgment at the end of the year under report.

The morale and discipline of the police force was satisfactory.

110. *Comparative work of Superintendents* :— Kanwar Bhimsenji held charge of the Sadar Division except for a period of 1 month and 25 days when he was on leave and was officiated by Munshi Bashiruddinji. Kanwar Bhimsenji toured for 119 days and inspected all the police stations. Munshi Bashiruddinji was on tour for 23 days.

Babu Ram Dassji remained in charge of the Baran Division except once for 1 month when he officiated for the Inspector General Police and again for 7 days when he was on leave. He was on tour for 242 days and inspected 10 police stations twice and all outposts once.

Babu Jagan Prasadji continued in charge of the Aklera Division throughout the year except for 27 days when he was on leave. He was on tour for 94 days and inspected 7 police stations twice and 35 outposts once.

The following table shows comparative results of the working of the three superintendents. :—

Name of Division	Area in Square Miles.	Population.	Total No. of offences	Total No. of offences detected	Percentage
Sadar	1616	1,86,720	519	244	47'0 %

111. The Inspector General at the conclusion of the report thanks all ranks for the faithful discharge of their duties and particularly his 3 Superintendents and Personal Assistant for their valuable assistance and support in the work of the Police administration.

Criminal Tribes.

112. The following statement gives information regarding the settlement of Criminal Tribes during the year 1929-30 :—

Judicial Department.

113. The post of Sessions Judge was held by Rai Bahadur Pandit Sri Ramji Bhargawa, throughout the year except for a period of one month and 22 days when he was on leave, and was officiated by Babu Hiralalji Sood, B. A., M. R. A. S., District Magistrate and Sub Judge, Aklera. M. Prem Sukh Judicial Assistant of the Judge's court acted for the latter.

M. Prem Sukh also acted for Babu Hiralalji Sood the District Magistrate and Sub Judge Aklera for one month and seven days when he went out on leave and for Babu Jagdish Sahaaji Mathur B. A., LL. B., District Magistrate and Sub Judge Baran for about 17 days.

114. The total number of cases dealt with by the various Criminal courts was 5,136 against 5,617 of the previous year—the decrease being

spread over nearly all the courts being more particularly marked in the Nizamat courts under the Magistrate Aklera. The comparative cheapness of food-stuffs is apparently responsible for this all round falling of in crime.

115. In all, 11236 persons were tried against 11,742 during the previous year. Of these 1,426 were convicted, 4,440 discharged, 3,559 acquitted, 92 committed, and 667 died, escaped, or transferred to other courts, and 1,052 were awaiting trial at the end of the year.

116. *Appeals and Revisions*:— The total number of appeals instituted during the year in the various courts was 277 against 310 of the last year. Of these 37 were rejected, sentences were confirmed in 134, modified in 49, reversed in 33, further enquiry ordered in 2, proceedings quashed in 2, references made in 2, and 18 were pending at the close of the year.

The institutions and disposals in the various courts were as under :—

Courts.	No. instituted including last year's balance.	No. disposed during the year.	Balance.
Sessions Judge	189	178	11
District Magistrate Kotah.	37	36	1
„ Baran.	25	23	2
„ AKlera.	26	22	4

117. Total number of applications for revision presented was 271, against 251 of the previous year. Out of these decisions of lower courts were upheld in 135, modified in 12, reversed in 18, proceedings quashed in 1 references made in 2, further enquiry ordered in 2, 83 were summarily dismissed, and 18 were pending at the close of the year.

118. The average duration in the various courts of Criminal cases, appeals and revisions was as below. A distinct improvement has been shown in this respect by the District Magistrate Aklera whose attention was specially drawn towards this point in the last year's report vide para 102 :—

Civil Work.

119. The number of original Civil suits rose from 2557 valued at Rs. 7,53,169/- in the last year to 3162 of the aggregate value of Rs. 3,63,335/- during the year under report. All courts show an increase except the Judge's Court and that of the Sub-Judge Baran which show a decrease of 2 and 5 respectively. It would appear from a classification based on valuation that of the total of 3152, suits valued at Rs. 100/- and under were 2348, and those between 100/- and Rs. 500/-, were 690.

Out of a total of 3703 suits including last year's balance, 3,034 of the aggregate value of Rs. 7,92,462/- were disposed of leaving 669 pending at the close of the year.

120. 4875 applications for execution of decrees valued at Rs. 7,42,103/- were filed as against 2352 applications of the value of Rs. 2,87,312/- during last year. Including last year's balance the total number of applications came to 5243, of which 4086 valued at Rs. 4,13,872/- were disposed of leaving a balance of 1157 undisposed at

the close of this year. The increase in the number of applications for execution of decrees is attributed mainly to the fact that the ban on execution of decrees against petty officials and cultivators imposed last year owing to scarcity was removed this year.

121. *Appeals*:— Against 451 appeals of last year, the number of appeals filed this year was 498. Of 584 appeals including last year's balance 453 were disposed of as follows :—

Decisions, of lower courts were confirmed in 205, reversed in 71, modified in 70, 42 were remanded for further inquiry and 65 were compromised or otherwise disposed of. The balance left undisposed at the close of the year was 131.

122. The duration in the various courts was as below :—

Courts.	Original Suits.			
	Samvat 1985		Samvat 1986	
	Months	Days.	Months.	Days.
Judges Court	3	22	8	6
Sub Judges Court Kotah... ..	4	29	2	15
„ „ Baran	3	14	2	2
„ „ Aklera... ..	6	12	4	5
Bench of Honorary Munsiffs Kotah	1	4	1	3
Appeals.				
Judges Court Kotah	1	19	3	18
Sub Judges Court Kotah	2	22	2	17
„ „ Baran	1	22	1	2
„ „ Aklera... ..	5	1	3	17

123. The period of duration in all courts has fallen generally and that in the Sub Judge Aklera particularly, with the exception of the Judge's court, which shows a somewhat abnormal rise in original suits as well as appeals. This is due as explained by the Judge to the comparatively small number of civil suits heard by him.

124. 750 documents were presented for registration of which 747 of the value of Rs. 4,05,632/- were registered against 706 valued at Rs. 3,41,635/-

The registration fees realised came to Rs. 5,190/- or Rs. 393/- more than the last year.

Extradition.

125. 70 persons were extradited from and 30 to the Kotah State.

Births and Deaths.

126. The number of births shows a decrease of 898 and that of deaths an increase of 7,361 over the figures of the last year. Cholera was responsible for the abnormally large number of deaths.

Village Panchayat Courts.

127. Of the 15 civil and criminal cases submitted to the Judge's court by the Nazims—judgments of Panchayat courts were upheld in 5, and quashed in 10. The number of references made to the Judge was 9 and all were disposed of.

Prison.

128. With 797 admissions, the number of prisoners confined in the jail was 1,154 of whom 4 died, 419 were released during the year leaving 331 at the close of the year. The general health of the prisoners was good, there being only 4 deaths against 13 in the previous year.

129. There were 6 insanes at the beginning of the year in the Asylum attached to the jail. 13 more were admitted. Of these, 3 being not dangerous were handed over to their relatives, 13 were discharged as cured and 3 remained in the Asylum at the close of the year.

130. The jail industries are reported to have well maintained their reputation. The total profit deposited in the State treasury was Rs. 9,000/- against the last year's figure of Rs. 11,100/- The decrease is said to be due to certain unusual items of expenditure being incurred during the year such as :—

Cleaning of jail well	Rs. 433/-
Payment to Municipality for removal of night soil „	91/-
Rent of a shop in the city for sale of jail articles „	51/-
Pay of an Assistant Salesman	132/-

An item of Rs 420/- though forming part of this year's profit could not be credited into the treasury as it was received after the closing of the Treasury for the Dashera holidays. The little garden attached to the jail produced vegetables worth Rs. 1,100/- for the use of prisoners against the last year's produce estimated at Rs. 937/- in value.

131. The discipline of the jail was good. There was one escape during the year through the negligence of the Warders. A special feature of the year was the introduction of an arrangement to impart education to prisoners.

132. All judicial officers have done careful work of good quality. The judicial and jail staff are reported to have given satisfaction.

Municipalities.

Kotah.

133 The period of three years for which the members of the Municipal Board were elected having terminated at the end of September 1929, a fresh election took place and the new board consisting of 12 elected and 5 nominated members was constituted.

134. It will be remembered that the affairs of the Municipal Board having been found in an unsatisfactory state owing to jealousies and bad feeling among the members of the Board, the Darbar were compelled to temporarily withdraw from the Board the privilege of electing their own Chairman granted in 1921 and an official Chairman in the person of Pandit Purushottam Raoji, Officer in-charge Home Department was appointed to conduct the affairs of the Municipality. This management lasted for 5 years and worked quite satisfactorily. It was however considered advisable to once more confer on the Municipality the right of electing their own Chairman and in pursuance of that order a Chairman was elected. But in view of the existence of acute party feeling and tension among members, the resignation of the elected Chairman and other important considerations, it was found necessary to continue the old arrangement for another year and Pandit Purushottam Raoji remained Chairman throughout the year except for a period of three months when he was on special leave, and was officiated by Pandit Kaushal Kishoreji Bhargawa a nominated member of the Board. Eleven meetings of the Board were called during the year.

Pandit Kaushal Kishore attended all the 11 meetings, B. Harnath Prasad, M. Beharilal, and Seth Kanwarlalji 10 each, Bohra Qamarudeen, B. Trilokinath and L. Kajorilal 9 each, M. Zaffar Mohammad Khan, M. Hasanali Khan and Pandit Anandilal 8 each, B. Beni Prasad and Munib Rameshwar 6 each. Seth Punamchand, Munib Kalyan Mal 5 and 4 respectively, while Lala Surajmal, M. Sunderlal and P. Ladi Lal (elected in place of Pandit Radha Krishna resigned), attended 3 meetings M Ibrahim Ali Wakil only 2.

135. Certain rules regarding the purchase and sale^{*} of Ghee were framed by the Municipal Board and sanctioned by Mahakmakhas during the year.

136. The total receipts of the municipality from all sources amounted to Rs. 65,349/7/- against Rs 49,244/13/9 in the preceding year, and the actual expenditure came to Rs. 54,549/13/3. The marked increase in receipts was under the head "Octroi" which exceeded the estimate by Rs 8,028/-

137. There was no epidemic during the year. A few imported cases of Cholera occurred, but timely precautions having been taken the calamity was averted by the grace of the Almighty.

138. *Sanitation* :— Sanitation of the city continued to be managed on the same lines. 37 private latrines and 40 cess-pools were repaired by the owners, while repairs of 19 private latrines and 11 cess-pools were carried out by the Municipality at owner's expense. Similarly the Municipality got debris of 7 deserted houses cleared and removed by the owners and 5 by its own staff at owners expense. Portions of 5 buildings in dangerous condition were demolished. Pavements with side-drains were constructed in different Mohallas such as Bhatapara, Telipara and Lakherapara. Expenditure was sanctioned for the cleaning of the drains twice every day without which they would rather prove a nuisance than an improvement.

139. The main roads and streets having been provided with electric lights, 25 new lanterns were put up by the municipality to improve lighting arrangements in those lanes which had insufficient or either no lights.

Baran.

140. 16 meetings of the Board were called during the year, of which no less than 5 had to be adjourned for want of quorum. The total receipts of the municipality came to Rs. 16,141/4/3 or 1,663/7/- less than that in the previous year and the actual expenditure amounted to Rs. 14,828/11/3.

141. Two municipal Zenana latrines and wells were constructed and some of the shops owned by the municipality repaired.

142. The sanitary arrangements were as usual supervised by the Health Officer who in the days of the cholera epidemic that raged in the town during the months of June to August 1930 took great pains in preventing the epidemic and rendering aid to the sufferers.

CHAPTER IV.

Weather and Crop.

143. The monsoon rains commenced in the 3rd week of July and were generally sufficient and satisfactory in all the Nizamats of Bakani, Asnawar, Aklera and Chhipabarod, where 7 inches or more was recorded in a single day. After a welcome break the rains again set in in the 3rd week of August and though some-what deficient in the Haraoti portion of the State (northern and central nizamats) was ample all over. The maximum fall recorded in Chhipabarod was 36·94, while the minimum registered in Ladpura Nizamat was 15·62 only.

141. The deficient rainfall in some of the nizamats was responsible for large areas being left unploughed or unsown. The unusually long break towards the end on the other hand did not allow the kharif crops to mature which did not come up to expectation. The invasion of locusts in certain areas and the injury caused by hails in others, also contributed to the poor outturn. As a measure of relief, the Darbar as usual granted remission to the extent of Rs. 1,52,506/- and sanctioned Rs. 1,18,150/- as Taccavi loans.

145. In common with British India, the visitations of locusts have been frequent and special precautions and control measures were taken in co-operation with similar efforts in British India. The swarms of locusts generally came from Gwalior, Indore and Jaipur territories and passed on towards Bundi and Rajgarh but fortunately the loss caused by them was insignificant.

Condition of Cattle and people.

146. 6752 cattle died during the year of which rinderpest alone was responsible for as many as 4,322 deaths. The Revenue Commissioner observes that to properly control these cattle epidemics the veterinary staff should be increased.

147. Fodder and Water was sufficient and but for a severe outbreak of cholera epidemic which prevailed for several months in the State, the health of people has been on the whole fair.

148. With the exception of an out-break of cholera the general health of the people was good and the economic condition was generally satisfactory.

Public Works Department.

149. The charge of the Public Works Department was held by Mr. G. C. Devon O. B. E., the Chief Engineer until the 23th April 1930, when he proceeded on 6 months and 20 days leave out of India.

Babu Sheo Narainji Assistant Engineer Kotah was apponited to officiate him, his work being in turn made over to Babu Ralla Ram overseer.

150. The total budget grant for the year amounted to Rs.9,16,942/ (as detailed below) against Rs. 7,36,531/:-

For P. W. D. Works	Rs.	7,92,396/-
„ Abpashi works	„	24,966/-
„ Protective Bund Works	„	99,580/-
					<hr/>
Total Rs.					9,16,942/-

Against this, the total expenditure on works carried out by the Department came to Rs. 10,58,867/- as under, against Rs. 11,46,851 during the preceding year;—

On P. W. D. works (including Rs 46,584/- transferred as usual to the Private Secretary to His Highness for Gurh and other works)	Rs.	7,88,867/-
On Abpashi works	„	18,468/-
On Protective Bund works	„	1,02,339/-
On Suspense works	„	10,84,431/-

155. Against a sanction of Rs. 99,580/- the total expenditure incurred during the year on Field Protective Bund works came to Rs. 1,02,339/-

156. The Bund Overseer Babu Shamshulrehman and his staff are reported to have worked well.

Water and Electric Supply scheme.

157. Pandit Mannilalji, continued to hold charge of the post of Water Works Manager and Electrical Engineer throughout the year under report and is well reported on by the Chief Engineer. He has proved himself a successful Electrical Engineer and has been performing his duties ably and satisfactorily and seems to possess a mechanical Engineer's gift

158. The Water Supply and Electric scheme was originally sanctioned for Rs. 14,76,856/- but owing to continual extensions since the original scheme was framed the capital expenditure on these works has risen to Rs. 21,50,282/-

159. The total number of units generated at the Power House was 10,49,880 as against 7,78,737 in the previous year at a total cost of Rs. 81,548/- including all expenses, giving an average of generating cost at the power house of 0.95 annas and distribution cost of 1.58 annas per unit. Of the total units generated 1,85,330 were consumed in generation and distribution, 41,819 supplied for the temporary illumination in connection with Sri Maharaj Kumar Sahab's marriage at actual cost and 8,22,731 sold to public which yielded an income of Rs. 1,37,181/- The average price realised per unit sold thus came to 2.66 annas as against 2.94 of last year.

160. The work of street lighting in Nayapura was completed during the year and the following mains extended :—

- 1 From near Ram Chandraji's temples in Ladpura to house of Doctor Chhail Beharilal.
2. From opposite old Kotwali Tapta to Boharas Street.

Fifty two new Electric connections were made during the year of which 46 were given to the public, and current supplied at the rate of -/6/- per unit.

161. Wiring of the following Raj Buildings was completed during the year :—

1. Late Private Secretary's residence in Ladpura.
2. Home Department office.
3. Quarters of the Head Mistress, Shri Maharani Ji Sahiba's Girls' School.
4. New Municipal Office, near Ambar.
5. Quarters for Superintendent Jail Kotah.

162. The following table shows the income derived from various sources :—

Nanes.	Total No. of Consumers.		Income.	
	in 28-29.	in 29-30.	in 28-29.	in 29-30.
State Buildings	97	102	21,342/-	30,297/-

163. To successfully cope with the extra demand on the auspicious occasion of Shri Maharaj Kumar Sahab's marriage to light the City gates and numerous other buildings throughout the length and breadth of the city including Garh, several alterations had to be made and two 22 Kilowatts D. C. Dynamos further installed at the Curzon Wylie Memorial and Garh.

Water Supply.

164. *Filtered Supply* :— The pump worked for 3,773 hours and 18,11,04,000 gallons of water was pumped during the year at a cost of

.55 annas per thousand gallons. The distribution cost including all expenses came to 3.94 per thousand gallons. The highest consumption of water in the hot weather in a day was 7,30,063 gallons compared with 6,21,674 gallons in the previous year.

Filtered water amounting to 18,11,04,000 gallons was supplied during the year to the city and its suburbs of which only 1,75,97,334 gallons were metered from the sale of which Rs. 6,599/- was realised.

165. The water Supply mains were further extended in Malipara, Qazipara, Babrapara, Shripura, Bijaipara, Bazazkhana, Purbya-ki-Baori and Do Chunch ka Balaji and Bhatapara.

118 new water connections were made during the year of which 105 were given to the public. The grant of Rs. 10,000/- for making drains in the P. W. D. Budget appears to be the main inducement for members of the public to go in for house connections in increased numbers.

166. *Unfiltered Supply* :— 1,31,20,000 gallons of unfiltered water was pumped during the year for the gardens around the Umed Bhawan Palace, other gardens and State Bungalows, and the total expenditure under this head came to Rs 26,618/- All this supply is unmetered and free.

167. The whole Electric and Water Supply Staff is reported to have worked well during the year inspite of the heavy demand on their energies on the occasion of Shri Maharaj Kumar Sahab's marriage.

168. The Chief Engineer concludes his report with a mention of the good work done by all the staff in general and his Accountant Babu Shamlal, Head Clerk Babu Govindlal and Head Draughtsman Babu Ramohandra in particular.

Forests.

169. In connection with the changes made in the personnel of the Customs Department in the beginning of the year Chaube Nand-Kumarji Nazim who had long served in the Forest Department both as an Inspector and as Assistant Superintendent was transferred from the Revenue Department to the post of Assistant Superintendent of Forests vacated by Pandit Kalyan Prasadji, who was retired on pension.

170. The total income from the State Forests came to Rs.2,02,338/13/6 against Rs.1,65,882/- in the previous year. The increase is attributed by the Assistant Superintendent of Forests to be mainly due to better supervision resulting in larger receipts from grass and wood. To protect forest preserves from destruction by fire 104 fire lines 186 miles long and 30 feet wide were cut at a cost of Rs. 1,026/8/-

171. The files of the 54 cases of breach of Forests laws pending at the close of the last year were transferred to the Superintendent of Forests. 407 fresh cases were instituted during the year, of which 402 were disposed of by the Assistant Superintendent leaving only 5 pending at the close of the year under report.

Quarries.

172. The total receipts from the State Quarries after deducting Rs. 6,557/10/- spent on establishment and sundries amounted to Rs. 86,660/12/3 against Rs. 85,300/- during the preceding year.

173. Messrs Sita Ram Laksman and Sons, Poona, have obtained from the State permission to start a Polishing stone factory at Khairabad. The firm has been granted a monopoly for 12 years.

Bagar Ghas.

174. The profit from the sale of 1,09,648 maunds of grass came to Rs. 3,894/-. The total quantity of grass in stock at the close of the year was 38,899 maunds.

175. *Atru Distillery*.— The distillery worked for 265 days during the year under the supervision of Pandit Rameshwar Dial Bhargawa, Distillery Inspector. The total stock of Mahuwa including the previous year's balance was 9283 maunds 10 seers, of which 8251 maunds was distilled leaving a balance of 1032 maunds 10 seers at the end of the year. 30,889·6 gallons of liquor was distilled giving an average of 3·7 London Proof gallons per maund. In addition to Mahuwa 10 maunds of raisins and 26 maunds of molasses was also distilled for liquor. The system of supplying liquor to Ware-houses in iron hogsheads was found unsatisfactory and discontinued and the supply contractor has been directed to use wooden drums or galvanised iron hogs-heads instead. The contract for the supply of liquor was with the sanction of the Mahakmakhas transferred by the contractor Phiroz Shah Cowasji to his younger brother Rustomji who is reported to have been working satisfactorily so far.

CHAPTER V.

Revenue and Finance.

176. Babu Chunnilalji Shukla held the post of the Controller of Accounts throughout the year but owing to his deputation on special duty as Secretary, Shree Maharaj Kumar Sahab's Marriage Committee his Assistant, Pandit Sri Ballabhji carried on the work for the greater part of the year.

177. The yield of both the crops was fair but the general trade depression due mainly to world wide factors and to some extent to political conditions in the country could not but adversely affect the people and the state. Export of grain remained closed throughout the year.

178. Against Rs. 51,64,573/- the total estimate of income, framed on the early prospects of the year which were very indefinite, the actual ordinary income of the State from all sources came to Rs. 54,61,176/- land revenue alone showing an increase of Rs. 2,08,677/.

179. To meet the extra-ordinary expenses of Shree Maharaj Kumar Sahab's marriage the State Reserve Funds had to be drawn upon for a loan of Rs. 1,700,000/-.

180. The total expenditure of Rs. 63,79,268/- was as follows:—

Ordinary expenditure	Rs.	51,37,831/-
Loans advanced	,,	1,46,003/-
Transfer to funds on account of interest originally credited to State income				,,	2,34,941/-
Extra-ordinary expenditure		,,	8,60,493/-

181. The Chief items that showed increase in ordinary expenditure were:—

Palace	Rs.	22,951/-	Owing to the marriage of Shree Maharaj Kumar Sahib
Army	Rs.	99,609/-	Due to nonrecurring charges in connection with the reorganisation of the State Forces
Karkhana	...		Rs.	58,430/-	Due to difference in rates and purchase of horses, tents etc, in connection with Shree Maharaj Kumar Sahab's marriage.
Rok Begar	Rs.	33,084/-	

182. The extra-ordinary expenditure consisted of the following items:—

Making Bunds for protection of cultivated land	Rs.	99,580/-
Further extension of Water Works and Electricity Scheme	Rs. 70,000/-
Partial adjustment of expenditure incurred in connection with the marriage of Shree Maharaj Kumar Sahab	Rs. 6,90,913/-

Budget Estimate for Samvat 1987.

183. The general agricultural prospects at the beginning of the year being not very hopeful the income is estimated at Rs. 50,04,573/ and the ordinary expenditure at Rs. 46,60,840/- plus Rs. 2,77,000/- to meet an extra provision of certain adjustments (interests etc.) and the expenditure on Bund Works.

Customs Department.

184. Pandit Mukand Raoji joined his new appointment on the 30th October 1929, and held charge of the post of the Superintendent of Customs, Excise and Forests throughout the year except for a period of 3 months and 11 days when he had to act for the Revenue Commissioner. The Assistant Superintendent Customs, Pandit Shiva Prasadji officiated for him. He also acted for the Revenue Commissioner for 34 days on other occasions in addition to his own duties and was thus able to devote only about 200 days to the duties of his substantive post.

185. The number of days spent on tour by the Superintendent and his Assistants is given below:—

Superintendent of Customs Excise and Forests	36 days
Assistant Superintendent Customs	57 "
" " Excise	76 "
" " Forests	78 "

186. The total income of the department in all its branches came to Rs. 11,85,314/6/6 against 13,49,863/5/3. A comparative statement showing the actual receipts and expenditure of the Department for the last 5 years is given below:—

	Samvat 1982.	Samvat 1983.	Samvat 1984.	Samvat 1985.	Samvat 1986
	Rs.	Rs.	Rs.	Rs.	Rs.
Income	14,35,735/9/9	10,50,742/1/3	13,05,694/9/3	13,49,863/5/3	11,85,314/6/9
Expenditure	1,46,346/14/6	1,49,548/12/9	1,45,277/7/6	1,46,609/5/3	1,50,005/3/6
Net Income after deduction of expenditure	12,89,388/11/3	9,01,193/4/6	11,60,417/1/9	12,03,254/0/0	10,35,309/3/3

Customs.

187. Pandit Shiva Prasadji continued to hold charge of the post of the Assistant Superintendent of customs during the year.

188. The customs receipt including Rs 33,416/8/- the income from Mapa came to Rs. 6,02,514/10/6 as compared with Rs. 8,72,458/- during the previous year showing a decrease of Rs. 2,69,943/5/-.

189. An analysis of the items of receipts would show that while the revenue from imports amounted to Rs. 2,90,781/2/3 as against Rs. 2,88,728/- in the previous year, that from exports amounted to Rs. 2,78,317/- only as compared with Rs. 5,55,467/- of the preceding year. The fall in customs revenue was thus noticeable under exports, mainly due to the fact that exports of all sorts of food grains was stopped through out the year under orders of the Mahakmakhas. Moreover Rs. 26,355/- was paid as special remission to big traders for the Sambat years 1984 and 85 out of the receipts of the year under report from the gross receipts of the customs branch.

190. The principal articles of export and import are given in appendix XXIX.

The import duty on the whole showed an increase of Rs. 2,053/2/3 or 7% over the figures of the previous year, noticeable chiefly under the following articles:—

Ghee 47%, Tobacco 18%, Bisatigoods 32% Silver 42%. The increase in the import of silver seems probably due to a fall in the price of the commodity. The articles on the other hand that showed a decrease were sugar 17%, rice 9%, yarn 16%, metals 20%, kerosine oil 8% and cloth 6%.

The export duty, for the reason mentioned above, fell by Rs. 2,77,150/-. The articles of export that showed a significant rise were:— Country oil 40%, Ghee 30% and opium 18%. The decrease of 268% was noticeable under cotton seeds, 34% under Kapas and 21 % under oil seeds.

191. The statement of fairs given in appendix XXXI would show that 15,355 cattle valued at Rs 2,64,144/4/- changed hands at the local fairs held in the State and Rs. 4,719/10/6 was realised as duty. Although the number of sales of cattle was approximately the same as last year the decrease of Rs. 142/8/9 in duty was due to cattle fetching comparatively lower prices owing to unfavourable agricultural conditions.

192. 38,663 mds. of cotton was ginned at the various ginning factories in the State from which Rs. 2,416/9/- was realised as royalty. A royalty of Rs. 4,062/7/- was realised on 3421 bales of cotton pressed by the Jagannath Naraindas Press at Khairabad during the period 13-12-28 to 7-5-30.

193. The Chambal bridge toll brought an income of Rs. 11,101/- against Rs 8,005/- in the previous year.

194. 18 amendments were made in the Customs law during the year under report.

195. The Assistant Superintendent Customs has drawn attention to the necessity of bringing out an enlarged and amended edition of the Customs Law and Customs Tariff which has undergone many changes since the present edition was published. The matter will be considered separately.

Excise.

196. The work of the Excise and Opium branch was carried on during the year by Babu Churaman Singhji Assistant Superintendent of Excise.

197. The total Excise receipts from all sources came to Rs. 1,82,708/6/6 as detailed below showing an increase of Rs. 7,849/12/9 over the last year's figures :--

	Past year.	Present year.
License fees including Rs. 6201/- for Nizamat Shahabad where the Madras System has not been introduced	Rs. 70,238/-	70,743/2/-
Income from duty on liquor Rs. 2052/- less received on account of supply to Jagir- dars at concession rates	„ 1,02,560/14/3	1,10,514/2/9
Miscellaneous	„ 2,060/5/-	1,451/1/9
		<hr/>
		Rs. 1,82,708/6/6

198. The incidence per London Proof gallon of liquor sold came to Rs. 6/3/9 against Rs. 6/6/7 during the previous year and that of the total receipts per head of population to Rs. -/5/9 as compared with -/4/11 in the preceding year.

199. 30889·6 gallons of liquor were distilled at the Atru distillery and 40263·3 gallons redistilled during the year under report. Of the total, 75562·9 gallons (including last year's balance of 4,410 gallons) 73504·9 gallons were issued from the Distillery leaving a balance of 2058 L. P. gallons at the end of the year. The total stock of liquor at the warehouses including 3342·5 gallons of the last year was 33316·7 London Proof gallons. Of this 29240·8 gallons were sold, leaving a balance of 3282·7 L. P. gallons in Stock after deducting 793·2 gallons for dryage.

200. The report shows that Kotah city consumed 2124·3 gallons more of liquor than in the previous year and the Superintendent of Excise attributes this increase to the careful supervision of the local excise officers as well as to the large influx of people into Kotah City on the occasion of Shree Maharaj Kumar Sahab's wedding in April 1930. The average consumption works out at 5·1 gallons per 100 souls as compared with 4·8 gallons in the previous year.

201. Of 88 cases of breach of Excise laws including 24 the balance of the preceding year, 49 were disposed of and 39 were left pending at the close of the year. Rs. 482/- was recovered as fine.

Opium.

202. The administration of this branch is carried on under the wholesale dealers system introduced 13 years ago.

203. The opium receipts came to Rs. 1,06,613/7/- against 27,245/10/3 in the last year and consisted of :—

			Rs.
License fee from wholesale license holders	5,300/-
" " retail vendors	16,210/-
Excise duty on opium @ 2/- per seer	5,163/9/-
Profit derived from the sale of opium			
during Samvat 1984 and 1985	79,169/7/-
Miscellaneous	770/7/-

204. The number of wholesale dealers rose from 87 in the previous year to 106 during the year under report and the number of retail shops excluding 9 in the Jagir area was 103 the same as last year. Rs. 16,210/- was realised as license fee from these shops.

205. 100 maunds of opium were purchased during the year for sale. The total stock including last year's balance available for sale at the Nizamats was 168 maunds 11 seers. Of this 64 maunds 21 seers 12½ chhs. was sold and 103 maunds 13 seers 5 chhs. 4½ tolas was left in stock at the close of the year deducting 16 seers 11¾ chhs. for dryage. The duty realised on the sale of this opium @ 2/-per seer came to Rs. 5163/9 which works out at 2 pies per head approximately.

206. The total area under poppy cultivation in the Nizamats of Baran, Antah, Ladpura, Chechat, Kunjer, Sangod and Khanpur was 198,48 Bighas 2 Biswas. The number of licenses issued was 9,970 and the total yield of opium came to 252 maunds giving an average of 5·2 seers per Bigha against 0·5 seers during the previous year.

In the Jagir area 520 licenses were issued and cultivation was carried on over an area of 1,228 Bighas 16 Biswas. The yield of opium was 127 mds. 25 seers $8\frac{1}{4}$ chh. giving an average of 4.1 seers per Bigha.

207. The stock of opium held in stock at the close of the year by the whole sale dealers as shown in appendix XXXII was opium juice 2198 mds. 14 seers $8\frac{1}{4}$ chhs., cakes 1898 mds. 31 seers 12 chhs. $1\frac{1}{2}$ tolas and Ball opium 55 mds. 14 seers $12\frac{1}{2}$ chhs.

208. The total number of cases against opium law including last year's balance of 44 to be dealt with by the Assistant Superintendent was 126. Of these 49 were disposed of leaving a balance of 77—rather a large figure. Rs. 807/- was realised as fine. 14 seers 6 chhs. 1 tolas 8 mashas of opium was confiscated of which 3 seers 9 chhs. was sold fetching Rs. 13/8/-. The number of cases dealt with by the Superintendent of customs was 10 of which only 1 was disposed of.

209. 1,565 maunds 28 seers $12\frac{1}{2}$ chhs. of dry opium and 10 mds. of 'cheek' was exported to the adjoining States.

Hemp drugs.

210. The number of hemp drugs shops was 57 the same as last year and brought in a license fee of Rs. 4,583/4/-. Of 50 maunds 19 seers 10 chhs. 1 tola of Ganja (including last year's balance of 23 maunds 16 seers 3 chhs.) 11 maunds 28 seers 8 chhs. was sold and the net quantity held in stock at the close of the year after deducting the quantity written off as spoiled was 17 maunds 22 seers 10 chhs. The income derived from the sale of Ganja was 886/7/6. 8 maunds 10 seers of Ganja was imported direct by the retail vendors from the adjoining States under permits issued by the department. CHAPTER VI.

Medical Department.

212. Rao Sahib Doctor Vidya Shankerji L. M & S., the Chief Medical Officer remained in-charge of the Medical Department throughout the year. There was no change in the personnel of the Department except that Sub-Assistant Surgeon Shiv Dayal Gupta was granted gratuity and retired from service owing to his impaired vision and Senior grade Sub-Assistant Surgeon Ram Ratan Lal was granted leave preparatory to retirement on account of his indifferent health. The services of a new 4th grade Sub-Assistant Surgeon Mohan Lal Jareth were entertained to fill up the vacancy thus caused.

213. *Meteorology*:— Except at Atru and Manoharthana, the rainfall had been below normal and spasmodic. The greatest fall of rain measured at Atru was 49·45 cents and the lowest at Etawah 13·21 cents. The highest maximum temperature recorded was 114·6 on the 30th May 1930 and the lowest minimum temperature was 39·8 on the 22nd December 1929.

214. *Bacterology*:—The laboratory work was carried on as usual by Sub Assistant Surgeon Gur Prasad and consisted of:—

I. Microscopical examination of blood for malaria	90
2. „ „ sputum for tubercle bacilli...		72
3. „ „ urethral discharge and stools etc.		51
4. Chemical and microscopical test for urine	342

6. Subcutaneous injections of Sodium Cacodylate, Morrhuate, Emetine, Insuline, Derri Arsenas etc	267

215. *Medical Relief*:— The total number of patients treated at the different Hospitals and Dispensaries during the year was 3,08,877 out and 1509 in-patients against 2,84,539 out and 1,488 in-patients in the preceding year showing an increase of 24,338 in the former and 21 in the latter. The daily average attendance was 2120·72 as compared with 2022·48 during the previous year, the increase being significant in the case of the Victoria Hospital Kotah, Baran and Mangrol dispensaries.

216. 11,133 operations were performed during the year, as compared with 10,999 of the previous year. Of these 1924 were performed at the Kotah City Hospital, chief of them worth mentioning being:—

Operations on Tumours	19
Operations on Cysts	40

Operations on Lymphatics—Removal of Lymphatic glands by excision.	10

219. The total number of patients treated during the year rose from 9777 out and 173 in-patients to 12,102 out and 188 in-patients showing that the institution is gaining popularity among the people.

220. *Epidemic*:—Cholera in an acute form broke out during the months of May, June, July, August and September 1930. The infection was brought in from the neighbouring villages of the Gwalior State, the 1st. case occurring at Rupahera village in Nizamathana on the 22nd May 1930. The disease soon assumed a virulent form and advanced with great rapidity over 15 out of 19 nizamat of the State, and 169 villages in all were infected. The total number of seizures was 4771, and deaths 1737, the Nizamats that suffered most being Manoharthana, Atru, Baran, Barod, Chhipabarod and Kishenganj. All possible prophylactic measures such as protection and disinfection of wells, the prohibition of sale of unripe and over-ripe fruits and the advertising of notices containing useful hints to check the disease were taken and the sanitation staff strengthened where necessary, but the ignorance of the general public; their poverty and their insanitary habits not only aggravated the disease but contributed towards its continuance for a long period. The epidemic lingered on till September 1930. The Sub-Assistant Surgeons and Compounders are all reported to have worked

loyally and well and the co-operation of the Nazims and the police with the medical staff was generally satisfactory.

221. Kotah city was also in great danger of catching the infection but the stringent preventive measures adopted and the efforts of the medical and municipal staff prevented the epidemic from reaching the city which remained immune from the pestilence.

222. The Chief Medical Officer in this connection brings particularly to the notice of the Darbar the services rendered by Sub-Assistant Surgeons Bishenlal and Chhail Beharilal at the Head-Quarters, Assistant Surgeon Suraj Prasad at Baran, Sub-Assistant Surgeon Chandlal Gupta at Manoharthana, Shiv Prasad at Aklera, Kishna Shanker at Chhipabarod, Hari Dass Srivastava at Atru, Chhoteylal Misra at Mangrol and Bishen Sahai Varma at Kishenganj.

223. *Sanitation*:— The sanitation of the Kotah city as well as that of the district continues practically in the same condition as in former years. The construction of open V-shaped drains on both sides of the main road has been completed and is being slowly extended in the lanes and by-lanes. The drains are regularly cleansed and flushed. The condition of private latrines is still said to be unsatisfactory and the attention of those concerned is drawn to this state of things.

224. The following main improvements were done in Kotah city:—

1. Katla flooring in Lakherapara street.
2. Katla flooring and drainage in one of Julah's streets and only katla flooring in the other is completed.
3. Drainage in Radha Bilas is completed.
4. A new road was constructed in Haldi-ki-gali and Pannalal's gali which were most insanitary.
5. A new road was constructed in Dhanmandi from Kotwali to Mori-ka-Hanumanji which had remained very dirty during the rains.
6. V-shaped drainage completed in Malan bazar, Chaugan, Dhanmandi, Lambi-gali, Gulabchand's gali and Deoji ka temple gali.

225. *Vaccination*:— From the 1st of October 1929 to the 31st March 1930, 18,949 vaccinations were performed as against 18,066 during the previous year. The average number of vaccinations performed by each vaccinator was 3,034.42 and the average number of successful cases was 98.03. 870 children from 130 villages were inspected by the State Surgeon during his tour and 15,390 children from 1,722 villages by the Assistant Superintendent. The percentage of cases examined by the State Surgeon was 4.52 and that by the Assistant Superintendent of vaccination 79.08. 98.97 percent of the cases examined by the State

Surgeon and 97·2 of those by the Assistant Superintendent were found successful.

226. In addition to these 512 sepoys of the Kotah State Forces were re-vaccinated of these 252 cases were found successful. The cost of each successful vaccination per head came to 4 annas.

227. The Chief Medical Officer reports that people have not yet realised in full the benefit of vaccination. On occasions of serious outbreaks of the pest they would sometimes flock to hospitals and dispensaries to get their children vaccinated but would avoid the vaccinator when he goes to them in their own homes. This is true to a great extent but so long as the general public is not sufficiently educated this state of affairs is bound to continue. Efforts should, however, be continued on behalf of the vaccination staff to popularise vaccination by gentle pursuation and not by show of authority. The Revenue Officials can render much help in this matter if they sincerely co-operate.

228. *Dai Class* :— No Dai Class was held during the year.

229. The expenditure over the Medical Department during the last 5 years and the percentage it bore to the total income of the State is shown below:—

Sambat year.	Total Expenditure.	Percentage of expenditure to the total income of the State.
	Rs.	
1982	1,03,663 5 9	2·16
1983	1,14,429 12 0	2·36
1984	1,16,970 6 6	2·36
1985	1,17,145 8 0	2·57
1986	1,24,985 4 9	2·29

CHAPTER VII:

Education Department.

230. Lala Daya Krishnaji M. A., LL. B., held the post of the Director of Education throughout the year.

231. During a tour of 42 days extending over 10 Nizamats the Director of Education could inspect 37 schools only (including those at head quarters) out of the total of 119 schools.

232. There was no change in the inspectorate except that Pandit Hariharnath Sukhiā whose services were lent to the Isarda Thikana reverted to his substantive post and was given the maximum salary of his grade viz Rs. 100/-.

233. The number of days spent by the Head Master Lower Middle School Kotah (who has for several years been inspecting the city schools), and the three circle inspectors are given below :--

	No. of days spent on inspection.	
	1928-29.	1929-30
Inspector City Circle	34	34
„ Western „	203	186
„ Eastern „	160	163
„ Southern „	165	155

234. With four schools closed and four new ones opened the total number of schools at the close of the year was 119 the same as last year. Of these 109 were boys' schools,—4 Anglo Vernacular schools, one training school, one Sanskrit School and the remaining 103 were vernacular schools—and 10 girls schools.

235. The number of students rose from 8,732 in the previous year to 9,192 during the year under report and the average number of students, and the average daily attendance from 9,174 to 9,508 and 7,498 to 7,776 respectively. Of 9,192 students on roll 721 or 7·85 % were girls and 8,471 or 92·15 per cent boys.

236. The total number of teachers on the list of the department at the close of the year was 396 of whom all except 8 were trained and certificated men.

237. The average cost on education works out at 6·5 pies per month per head of the total population of 5,92,344 souls and annas $\frac{3}{7}$ per head per month for the total population of school going age which calculated on the 15 % basis comes to 88,852/- while the expenditure on every student of the Mayo College is Rs. 68/14/- per month. The cost

per student per month in Anglo Vernacular schools was Rs. 5/7/9 ^l on Vernacular Schools 1/0/9 and in Girls' Schools 1/7/6.

238 The four Anglo-Vernacular institutions were the Herbert College, Kotah, Lower Middle School, Kotah, Bhim Cadet Corps school, Kotah, and the High School, Baran.

239. *Herbert Intermediate College* :— The total number of working days was 198 against 191 in the previous year and the number of students 291 against 278. Lala Ram Chandraji M. A. among the English staff and Maulvi Mohammad Ali among the vernacular staff secured the highest percentage of passes in the annual examinations of the subjects they taught throughout the year.

27 boys as against 16 in the preceding year were sent up from the Herbert College for the Intermediate Examination and 37 for the High School Examination of the Board. Of these 17 passed in the former examination and 30 in the latter giving a pass percentage of 62·96 and 62·16 respectively. Of the 23 successful candidates in the High School examination got distinction in Mathematics and one in Sanskrit.

240. *Baran High School* :— The total number of working days was 205 as against 196 of the previous year. The number of students rose from 135 in the preceding year to 148 during the year under report. Lala Mewa Ram had the highest percentage of passes among the English Staff, and Pandit Deo Datta in the vernacular staff—the former securing 91·58 % and the latter 98·14 %. Of the 10 students who appeared in the High School examination of the Board, 7 passed, 2 in the 2nd Division and 5 in the 3rd.

Comparing the results with those of other institutions in Central India and Rajputana which sent up an equal or higher number of candidates, the Herbert College secured the 2nd position in the intermediate examination and 4th in the High School examination while Baran High School stood 8th.

The Lower Middle and the Bhim Cadet Corps schools Kotah worked for 208 and 209 days respectively during the year under report and the number of students in the former was 599 against 560 of the previous year while in the latter it was 323 as compared with 297 of the previous year.

The teachers who secured the highest percentage of passes in the subjects they taught were in the English staff Lala Ram Chandraji of the Herbert College, Lala Bhanwarlal of the Lower Middle School, Lala Duli Chand of the Bhim Cadet Corps school and Lala Mewa Ram of the High School Baran. Maulvi Husain Ali of the Lower Middle School and Motilal of the Bhim Cadet school obtained the highest passes in the vernacular staff.

241. The results of the annual class promotion examinations in the different schools were satisfactory.

242. The annual prize distribution of the Herbert College was held on the 22nd January 1930. His Highness the Maharao Sahab Bahadur was pleased to grace the occasion with his presence accompanied by Shri Maharaj Kumar Sahab, the Members Mahakmakhas, the Principal Sardars and officials, and gave away the prizes. The students also staged a social drama on that occasion.

243. The College Magazine continued to be edited by Professor Ram Chandra M. A., Lt. and managed by L. Ramgopal Gupta M. A., Lt.

244. The condition of the Students' Co-operative Stores was found to be very unsatisfactory and the accounts in a muddle. This state of affairs is attributed to neglect on the part of the Supervisor Lala Girdharilal Khullar who according to the Director being otherwise occupied could not devote sufficient time to the Stores. The charge was transferred to Pandit Jwala Prasad and is said to be well looked after. The net profit for the year after writing off Rs. 126/13/6 as bad debts came to Rs 135/9/9 as against Rs 429/2/6 in the preceding year.

245. There were 65 boys in two Kindergartin classes in the Lower Middle school Kotah against 60 in the previous year, but the Director thinks that owing to the difficulty experienced by two teachers in handling small children the admission to these classes will have to be restricted.

246. *Vernacular Schools* :— The number of vernacular schools was 99 at the close of the year, of which 18 were Middle schools, 36 Upper-primary, 42 Lower primary and 3 Preparatory schools.

247. There were 292 teachers serving on the staff of the vernacular schools of whom there were only 2 uncertificated teachers. Every endeavour is being made to gradually raise the number of trained and certificated men.

248. Of the total number of students in vernacular schools numbering 6,913 against 6,605 in the preceding year 44.27 % read in the preparatory section, 33.66 % in the Lower primary, 13.87 % in the Upper primary and 8.20 % in the Middle sections. 37.55 % of all these were cultivators and 88.04 % Hindus, 11.96 % non-Hindus.

249. 146 students appeared in the Vernacular Final examination of whom 136 passed, 67 in the 2nd Division, and 59 in the 3rd, 16 getting distinction in Mathematics. In this respect Kotah once more topped the list in Rajputana including Ajmer-Merwara showing a percentage of 93.15. It is very gratifying indeed that Kotah has been getting the first place in the Vernacular Final Examination for the last 7 years consecutively.

250. *Teacher's Conference*:—The Teachers' Conferences were held as usual at Kotah, Baran and Aklera and were attended by 69 teachers of whom 40 passed and were awarded certificates.

251. *Normal School*:— There was only one class in this school during the year viz. the Primary Teachers' Certificate class. The number of pupil teachers in this class declined from 30 to 23 this year. 30 appeared in the examination of whom 26 passed. The school secured 6th position among schools in Rajputana (including Ajmer-Merwara) United Provinces, and Central India.

252. Those private schools that received grants-in-aid from the Education Department during the year were the Vithal Nath Patshala, the Nimana and Dhulet schools and the number of scholars at these three institutions was 112. The Vithal Nath Patshala prepares candidates for the various Sanskrit examinations. Of the 35 students on the roll in this Patshala 26 read for Prathma examination, 7 for Madhyama, one for Shastri and one for Sampradaya. Of the 39 candidates who appeared in the Sanskrit various examinations, 32 passed.

253. Three teachers appeared in the language examination in advanced Hindi and all passed in the 2nd Division. 62 students against 75 in the previous year read in the two recognised unaided schools at Piploda and Mikhelpura.

254. *Female education*:— Of the 9 girls' schools one was Anglo-vernacular Middle, 2 Vernacular Upper Primary, and the remaining 6 Vernacular Lower Primary Schools. The number of girls enrolled in Shri Maharaniji Sahiba's school was 260 as against 222 in the previous year. Five girls appeared in the Vernacular Lower Middle Examination for girls' from this institution of whom, all passed—2 in the 1st Division, 2 in the 2nd and one in the 3rd. The total number of girl students that received education at the 8 Vernacular Schools including those who read in the boys' schools was 560. Besides these there was one unaided recognised school for girls at Piploda in which 111 girls received training.

255 The number of Boarding Houses rose from 19 at the beginning of the year to 23 at its close and the number of boarders from 365 to 430.

256. The total amount sanctioned for scholarships and stipends was Rs. 20,803/- and the number of scholarship-holders 203.

257. *Prizes*:— Against a budget provision of Rs 1,117/- prizes of the total value of Rs. 1,002/- were awarded to deserving students.

258. *Library*:— 520 more books were purchased during the year at a cost of Rs. 1,052/0/6 against the annual budget grant of Rs. 950/-.

The number of books contained in and issued from the various Libraries during the year is shewn below :—

Name of Institution	No. of Books contained.	No. of Books Issued	
		Students	Teachers
Herbert College, Kotah ...	5,164	2,126	990
High School, Baran	1,555	909	414
Lower Middle School, Kotah ...	1,074	528	266
Bhim Cadet Corps School, Kotah	231	6	73
Normal School, Kotah	1,225	491	833

Besides these a few periodicals were also subscribed to for these Libraries.

259. *Technical and Industrial education*:— Most of the Students who were given State Scholarships for technical and industrial education finished their courses and returned, during the year under report. Some of them got themselves employed in the State Departments. One has started and is successfully running a tailoring shop at Kotah while others are not yet settled in life.

260. *Physical Education*:— The chief games played in Anglo-Vernacular Schools were hockey, football, cricket, rounders and volley ball. In the Vernacular Schools drill and some of the inexpensive country games were encouraged.

261. *First aid to the injured*:— Lectures on the subject were delivered in the High School Baran, Normal School Kotah and Herbert College. 41 boys from the Herbert College Kotah and 29 boys from the Normal School were examined in First aid and for the Certificate of St. John Ambulance Association of whom 3 and 19, respectively passed. Teaching of First Aid to injured was also introduced in the Vernacular Middle Schools in the district, 134 boys received training of whom 40 passed.

262. *Scouting* :— Mr. B. D. Batta Professor of Chemistry Herbert College Kotah remained in charge of scouting at the Head-quarters and acted as Scout Commissioner for the State. A meeting was convened in the Wyllie Memorial Hall Kotah in which the Director of Education explained the aims and objects of the useful movement and created enthusiasm but the Director of Education reports with regret that inspite of all the endeavours the movement is practically dead at Kotah and Baran. In view of the usefulness of this movement and its sure though latent possibilities for good, efforts to stimulate the interest of the rising generation and their guardians should not be relaxed. It is however gaining popularity in the District where the scouts are reported to have done useful

work at the local fairs and in the cholera epidemic, and the Inspectors are taking keen interest in the work. The name of Inspector Gokal Prasad deserves special mention in this connection.

263. *Special class* :— The number of boys on roll in the junior and senior special classes attached to the Herbert College to teach special subjects like English, Sanskrit, Science etc. to boys who have passed the Vernacular Final examination through the medium of Hindi, were 17 and 14 respectively against 18 and 12 in the previous year.

264. *Mayo College* :— The total number of Kotah boys at the Mayo College was 20. Their names and the progress they made in studies are shown below :—

- 1 to 4. Apjis Raghuraj Singhji, Randhir Singhji, Amar Singhji and Kalyan Singhji of Koela could not appear in the annual examination of their classes on account of their mother's serious illness. But as their work during the year was good, they were promoted to the next higher classes i. e. 3rd and 2nd years, Post Diploma and 3rd standard respectively. Their conduct and general progress is reported as excellent.
- 5-6. Bhanwars Tejraj Singhji and Jaswant Singhji of Gainta also could not appear in the annual examinations of their respective classes owing to the sudden death of their father. Their work during the year was good and they were also promoted to the 3rd class.
- 7-8. Bhanwar Gajendra Singhji of Kunadi and Kanwar Jaswant Singhji of Antah passed the 2nd class and were promoted to the Diploma class. The former stood 1st in the class of 7 boys and got 4 prizes while the latter stood 3rd.
- 9-10. Bhanwar Kishen Singhji of Kunadi and Thakur Kalyan Singhji of Antah passed the 4th class, standing 3rd and 1st among 14 boys of their class. The first showed excellent progress and got 2 prizes in Science and Geography while the second got only one.
- 11-12. Bhanwar Gopal Singhji of Kunadi and Kanwar Durjan Sal of Dabri passed the 5th class and were promoted to the 4th standing 1st and 3rd in their class of 6 boys. The first was also awarded 3 prizes.
- 13-14. Bhanwars Gulab Singhji and Lachhman Singh of Kunadi passed the 8th class and were promoted to the 7th class, standing 1st and 2nd in their class of 4 boys. The first also got a prize.

- 15-19. Bhanwar Dashrath Singhji, of Kunadi, Apji Gordhan Singhji of Sojpur, Maharaja Udaibhan Singhji of Chhapol (Indergarh) Maharaja Achpal Singh of Jatwari (Indergarh) and Thakur Amar Singh of Kachnaoda all reading in the 3rd class failed in the annual examination but were promoted to the 2nd class. The three last are reported to be careless, rude, and lazy in their work and behaviour.
- 20-. Maharaja Bhairon Singhji of Kherli failed in the Diploma Examination. He is again studying in the same class.
-

CHAPTER VIII.

Home Department.

265. Pandit Purushottam Raoji held the post of the Officer-in-charge of Home Department throughout the year except for three months when he was granted special leave on full pay by the Darbar in view of his arduous duties in connection with the marriage of Shri Maharaj Kumar Sahab. Babu Balmukandji Gupta B. A., Superintendent of Gardens carried on his work during his absence.

The Assistant Kotriyat M. Amir Mohamad Khan was retired on pension with effect from the 1st January 1930 and Babu Lal Beharilal Sarishtedar of the Home Department appointed to succeed him, the latter's place being filled up by the appointment of Babu Jogendranath, a clerk in the Mahakma khas.

Indergarh.:— No report was received.

266. Of the seven other Kotris Khatauli, Gainta, Antarda and Pusod are in charge of their own Sardars, the remaining three being under the management of the Hakim Kotris.

267. *Khatauli*.:— Maharaja Balbir Singhji is an intelligent Sardar and is reported to have been taking keen interest in the affairs of his Thikana. M. Hafizuddin his old Kamdar continues in his post.

268. *Gainta*.:—Rao Bahadur Maharaja Madho Singhji is looking after his Thikana. The premature death of Kanwar Akhairaj Singhji the only son and heir to the Maharaja was a great shock and personal bereavement to his old father besides being a loss to the Thikana. The deceased had been serving the Revenue Department of the State for a number of years and held the post of the Assistant Revenue Commissioner at Aklera at the time of his death. He was very popular with everybody for his affable manners and genial disposition and his death was deplored by everybody who knew him. The affairs of the Thikana are going on as usual. Out of a total debt of Rs. 18177/6/3, Rs 9000/- has been paid leaving a balance of Rs. 9177/6/3.

269. *Antarda*.:— The management of the Thikana is being carried on on old lines by its own Sardar Maharaja Sangram Singhji.

270. *Pusod*.:— The management of the Thikana is carried on by its chief—Thakur Jagat Singhji. The Thikana could not pay the instalments of the debt due to the State owing to failure of crops.

271. *Pipalda*.:— The Thakur, Gulab Singhji, is 19 years old and being a minor the Thikana is managed by the Hakim of Kotris.

Having no brains he was obliged to give up his studies and arrangement will be made to impart him some practical training in administration by keeping him at Kotah. The Thikana had to grant remission of Rs. 900/- owing to bad season.

272. *Karwar*:— Thakur Girwar Singhji is a minor 11 years of age and is reading English and Hindi at home under a private tutor specially employed for him. The last year's instalment of Raj debt was paid this year, so the Thikana was unable to pay up the current year's instalment in full.

273. *Balwan*:— Maharaja Barisalji died in November 1929 and his real brother Maharaja Pratab Singhji aged 40 years was installed in his place. The Thikana is still under the management of the court of wards.

274. The income, expenditure and debts of the Kotris are shown in the statement given below:—

Name of Kotris.	Opening Balance.	RECEIPTS.			Total with balance.	EXPENDITURE.			Closing Balance
		Income during the year.	Debts contracted.	Total.		Expenses.	Debts paid.	Total	
1	2	3	4	5	6	7	8	9	10

275. The number of cases of all kinds that came up before the Home officer for decision in his capacity as Special Magistrate was 116 inclusive of 43 the balance from the previous year. Of these 64 were disposed of during the year leaving a balance of 52 pending at the close of the year.

Pun and Paltu.

276. The following statement shows the provision and expenditure under this head during the year under report:—

		PROVISION.			EXPENDITURE.		
		Rs.			Rs.		
Pun and Garh Temples	...	1,47,925	0	0	1,29,429	1	9
Paltu	...	34,781	0	0	33,900	14	0

Recipients of Paltu as shown below:—

	At the beginning of the year.	Increase during the year.	Decrease during the year.	Remaining at the end of the year.
Paltu	1321	196	95	1422

277. *Reception Branch*:— Maharaja Chatar Singh continued to work as reception officer in addition to his duties as Munsarim Atala Bungalow.

State Gardens.

278. Babu Balmukandji B. A., F. R. H. S. held charge of the State Gardens throughout the year.

279. The rainfall measured at the gardens was 15·64 only against 20·15 in the preceding year. The water in the Chatar Bilas tank upon which the gardens depend for their supply ran short as usual towards the end of April 1930, and for two months continuously there was a shortage of water resulting in the loss of a number of young plants and shrubs. The tank overflowed on the 9th August 1930, but owing to cessation of rainfall 3 feet of water was depleted by the end of September 1930 and the tank was 3 feet short of its usual capacity at the commencement of the year under report.

280. Over 1200 fruit trees and flowering shrubs were planted at different places in the Chatar Bilas gardens.

281. The total receipts from and expenditure on the State gardens during the last 5 years are shewn below:—

	RECEIPTS.	EXPENDITURE.
	Rs.	Rs.
1982	8,645 0 0	30,613 0 0
1983	13,072 0 0	24,564 0 0
1984	10,521 0 0	25,124 0 0
1985	12,755 0 0	31,410 0 0
1986	8,976 0 0	31,852 0 0

The fall in the income this year is attributed mainly to the failure of the Mango crop which fetched only Rs. 1,725/- against Rs. 4,972/- of the previous year.

282. The Superintendent of Gardens commends his staff for the good work done by them and with whose willing co-operation he was enabled successfully to cope with the rush of work on the occasion of Shri Maharaj Kumar Sahab's marriage, with particular reference to his Accountant

Gobind Lal who in addition to his ordinary duties had to act as a clerk and accountant in the Marriage Entertainment committee of which Babu Balmukand himself was the Secretary.

283. The following animals were in the Zoo at the close of the year:—

Lions	2
Lionesses	5
Lion cubs	5
Tigeress	1
Black Panther	1
Bear	1
